

Colloquium

Department of Physics, Temple University Student Progress Reports

William Henry

Precision Møller polarimetry and applications at Jefferson Laboratory

Thomas Melbourne

Kinetic inductance of ultra-thin magnesium-diboride nanowires

Dan Trainer

Moiré superstructures in MoS₂/graphite and MoS₂/MoS₂ systems

Leila Kasaei

**Normal and superconducting properties of Co-doped BaFe₂As₂
thin films after He-ion irradiation**

Monday, April 24, 2017 at 3:00pm

SERC, Room 116

Refreshments served at 2:45pm
