

Colloquium

Department of Physics, Temple University

Student Progress Reports

Amani Kraishan

Measurement of the longitudinal single-spin asymmetry at forward rapidity for W boson production in proton-proton collisions

Andrew Watson

XY-position reconstruction in DarkSide-50

Wenura Withanage

MgB₂ coatings on copper for SRF applications

Lixin Zheng

Proton transfer in liquid water by advanced ab initio theory of hydrogen bond

Monday, September 28, 2015 at 3:00pm

SERC, Room 110B

Refreshments served at 2:45pm
